

Bedrijfsdetails

Follow your heart. Use your head.

Money always sets things into motion. At Triodos Bank, with our 1,700 co-workers, we work for positive societal change. Inspired by this mission, for 40 years we have supported businesses, organisations and projects that seek to achieve positive change in social, environmental and cultural domains. We are enabled to do so by our customers and we wish to contribute to sustainable, fair and humane society. We only invest in the real economy and do not trade in complex financial products. Furthermore we make a point of knowing all our clients and entrepreneurs that choose to bank with us.

People make the difference: we at Triodos Bank know that all too well. Together we create a sustainable society and this starts of course with our co-workers. Several regular reflections and our systematic attention for personal development help ensure that we make a difference together. We keep each other focused and are all dedicated to the Triodos mission.

Functie

The Group Modelling & Valuations team works from our international Head Office in London and services the European branches. In the area of Financial Risk Management, we are looking for an enthusiastic new colleague who wants to work with us to further develop finance and risk management within Triodos Bank; to interpret and analyse results and prepare and present analysis and/or advice to the management board. Therefore, we have a vacancy in the Group Valuations team for a

Junior Financial Risk Manager (32 - 40 h/wk)

With your analytical background and hands-on mentality, you will help Triodos Bank develop models and expertise in the area of Asset & Liability Management (ALM) and Stress Testing to help the Bank to make the optimal business decisions

Profiel

Take action

- Develop, manage and improve models for ALM and Stress Testing, covering interest rate and liquidity risks.
- Apply and run risk models to analyse output and produce reports.
- Perform checks, reviews and keep internal procedures and guidelines up to date.
- Keeping up to date with knowledge and relevant external developments within your field.

The team

You'll join the Group Valuations & Modelling team of currently 13 people. This is a team of hard workers. With various ambitious goals and deadlines on the agenda, the team has enough challenging work ahead. Triodos has embraced hybrid working as a way to combine the benefits of working in the office and from home.

This is you
